November 22, 2013**

Toronto Foundation for Student Success

Team Jeopardy – funny, this doesn't feel like school!

Learning to cook and eating healthy food!

Taking time to get to know each other.

What the Students Had to Say...

"I truly feel that this program is fantastic and has encouraged me to improve in my academics and athletics - in and outside of school. **beyond 3:30** has inspired me to become a more responsible and respectful leader. Koa helped me write my speech to get elected Student Council President at Tecumseh!"

"**beyond 3:30** has made me want to change my ways. Because of Koa, Alla and Macklam my marks and grades have improved, I get in trouble less and **beyond 3:30** makes me want to come to school more often."

“beyond 3:30 is really sick and awesome and the food is too but really I just love to see my friends. We all dance and just have fun!”

**HUNGRY
MINDS**
